Why does not Carolina University tackle the A. & M. on the gridiron?

Are American automobile manufacturers going to admit that Italians can build better and speedier cars than they?

Considering the strength of the two parties as shown at the polls the campaign funds were nearer equal than would seem on first thought.

Bryan ought, by this time, to have formed a definite opinion as to the cause or causes of the defeat of the Democratic National party.

We wish North Carolina could have gotten both games on Thursday, but she ought to be satisfied with her boys' work on the gridiron that day.

Rockefeller could afford to be smiling and urbane under his cross-examination, realizing how little information he was giving the Government's attorney.

An exchange says "they have gotten over the surprise at the result of the election, but the other feeling still remains." Were "they" really surprised?

Where does the principle of "tariff for revenue only" come in if every man interested in any kind of business wants high tariff protection for himself, but low rates for all others?

Of course the stand-patters will agree without a contest to some reductions in the tariff if they find that there is danger of losing more in a fight against any reduction at all.

Roosevelt has settled what the country should do with one ex-President. He says that when he gets out of the White House the country will owe him nothing. Let's take him at his word.

The stand-patters in the House of Representatives, no doubt, remember that though the President has not the right to prorogue or dissolve Congress he has the greater power of vetoing the bills passed by it.

Is the White House gallery of portraits of "undesirable citizens" the private property of Roosevelt or does it belong to the Government, to remain in that building for the edification of succeeding Presidents?

Cannon says the Republican caucus will nominate the Speaker and the party members of the House will elect him. There is no question about the election of the caucus nominee, but who will he be? Cannon does not answer that question.

On Wednesday speckled sea trout which, according to the Journal, of Newbern, were beauties, sold in that city at four and five cents a piece. What would the Wilmington people have had to pay for such fish on this market?

COURT TO CONVENE

Library of Congress,

One W...m For Trial of Civil Causes ...gin Monday Week.

CALENDAR IS ARRANGED

Bar of City Met Yesterday Morning and Set Cases For Trial—Judge C. C. Lyon Will Preside—The Cases Named.

The bar of the city met yesterday morning at 10:30 o'clock at the Court House and arranged the calendar of cases for trial at the one-week term of New Hanover Superior Court, which will convene Monday week, Judge C. C. Lyon presiding. There are 42 cases on the trial docket and something over a hundred on the motion and summons docket.

Mr. Eugene S. Martin presided at the meeting of the bar and after the cases were agreed upon for trial by the various attorneys, a committee of Messrs. Jos. W. Little and R. W. Herring was appointed to arrange them in the order of precedence. A large number were set for each day except Saturday which will be devoted to a call of the motion and summons dockets. It is not expected that half of the number set for the respective days will be reached, but these will be taken up in their order. The first case set is that of Julia Austin and others against Calvin D. Gore, involving a real estate transaction, and then follow J. A. Taylor vs. A. P. Thomas, City of Wilmington vs. Iredell Meares and a number of others, none of which are of public interest, save perhaps that of Mrs. Eliza Jane Rogers against the Seaboard Air Line for damages.

On Tuesday one of the first cases is that of Captain J. A. Burriss against City of Wilmington in which the plaintiff is suing for damages for falling into an excavation several years ago, while another is Thos. J. Kenan and others against the City of Wilmington, involving the royalties for material used from the rock quarry in East Wilmington.

On Wednesday the first case set is that of William Duncan Little against the City of Wilmington in which the plaintiff is suing for damages for the death of his son, who died from injuries received in a collision with one of the city carts some years ago. There is also set for trial on Wednesday the case of P. C. Smith and other recalcitrant members of the colored First Baptist church congregation against their pastor Rev. J. H. Rhoe and others for possession of the property of the church.

On Thursday the case of most interest is one in which Mrs. Florence LeGrand is suing the City Livery Co., for injuries received some years ago in a wreck of a vehicle in which she was driving to the railway station.

On Friday the cases are of no importance, but many of those previously set on the calendar will run over from day to day if they are reached at all.

A. C. L. OFFICERS HERE

Visited St. Helena Colony of C. T. D. Co., at Burgaw Yesterday.

Messrs. Henry Walters, Michael Jenkins, Waldo Newcomer, and T. M. Emerson, a party of Coast Line officials, who reached here late Thursday night after an inspection trip over the system, went on a special train yesterday morning to inspect the St. Helena colony of the Carolina Trucking Development Co., near Burgaw. They were taken for a drive over the colony, accompanied by Mr. Hugh MacRae, Major Lucas, and Mr. C. Van Leuven, of the Trucking Development Co., and had a splendid opportunity to judge the people and agricultural conditions.

All these gentlemen expressed themselves as being much pleased with the North Italian people and with the progress they were making on the farms. All were particularly impressed with the air of permanency of the colony due to the energy with which the people are working to establish their homes.

The St. Helena colony is one of the five colonies operated by the Carolina Trucking Development Company. In each of the colonies large numbers of desirable families are being established and these families will prove valuable assets to this section.

CARNIVAL IN FULL BLAST

Attractions at Owls' Fall Festival Many and Varied—Programme for Last Appearances This Afternoon and Tonight.

After a most successful week during which the weather has been ideal the Owls' Fall Festival will close this midnight at Fourth and Castle streets. The management has arranged to the last day the greatest of all and the midway as on Thursday and yesterday will be thronged.

The thirteen paid attractions, all of which have been pronounced first-class, are now in full blast and are playing to fine patronage. The order has been the very best and both the Owls and Manager Smith have been doing all in their power to give the people a week of joy unconfined.

The Kilties Scotch Band will make a detour of the city on the street cars this morning at 11 o'clock and at noon an open-air concert will be given in front of the postoffice. This is a fine organization and is adding much to the pleasure of the festival. Another feature of great interest is the death-defying leap from an altitude of more than 100 feet into a net on the grounds each afternoon at 3:30 P. M. and each night at 10:30 P. M. This is a free act and is witnessed by thousands each day.

Of the attractions on the ground a real marvel is the Mechanical City, owned by Mr. H. Paulson, a Swede, who was fifteen years building a miniature city in which the busy life is depicted by tiny automatons that are life-like and quite interesting. One can spend an hour or more not only pleasantly but profitably.

Heberling's Wild Animal Show is also the best ever seen here at the small admission of 10 cents. A spectacular exhibition is given and the tent is daily crowded.

Thuma, an optical illusion, is great and the attraction is proving a puzzle and a source of infinite speculation among all who visit the show. Then there are many others. The Ferris Wheel, the Merry-go-Round and all the 'old reliables" are doing business at the old stand. It is only sufficient to say that all who have not visited the carnival should not miss the opportunity today.

A DINNER IN CAMP.

Thanksgiving Pleasantly Spent at Fishing Lodge in Pender.

(Special Star Correspondence.)

Fayetteville, N. C., Nov .26.—Messrs. J. J. Crosswell, Sheriff A. C. Moore, Messrs. M. M. Bullard, W. R. Kigee and Jas. F. More spent today, Thanksgiving, at their fishing lodge at the mouth of Moore's Creek. The dinner consisted of turtle soup, venison, 'possum, sweet potatoes and 50 fried fresh water perch, served with corn muffin and black coffee. Sweet potato pies were served as dessert. Universal regret was expressed that that old Trojan and hospitable entertainer, Col. J. B. Starr, of Fayetteville, who has given so many elegant dinners at this lodge, could not be present. There are ten members who own this fishing preserve, three from Fayetteville, two from Pender, two South Carolinians, three from New York City, any one of whom has ample means to entertain his friends.

The Golf Tournament.

With members of the Cape Fear Golf Club Thanksgiving was especially pleasant. On the grounds the men's annual Thanksgiving handicap was in progress from 10 o'clock in the morning unt'l late in the afternoon, the ladies of the club serving an elegant luncheon and an oyster roast during the day. There were a large number of entries for the tournament, Mr. C. S. Grainger winning the Thanksgiving cup for best score over 27 holes; Mr. George Rountree winning the cup for the 18-hole score and Messrs. H. deW. Rapalje, W. D. MacMillan, Jr., and A. S. Williams tieing for best score over nine holes. The tie will probably be played off this or next Saturday. The cups were presented in the handsome new club house by Mr. John J. Blair after the match was over and the winners had been announced.

Married Last Night.

Last night at 9:30 o'clock at the manse of Saint Andrew's Presbyterian Church, Rev. A. D. McClure, D. D., performed in the presence of a few friends a very quiet, but impressive ceremony, which united in marriage Miss Minnie Merritt, daughter of Mrs. Martha Merritt, of Sampson county, and Mr. Wm. C. Horne, a son of Mrs. Henrietta Horne, of Marion, S. C. The young people will reside in this city at No. 313 Harnett street, where they have many friends.

PRETTY ENTERTAINMENT.

Children of Confederacy Gave Delightful Holiday Affair.

Yesterday afternoon and last evening George Davis Chapter, Children of the Confederacy, delightfully entertained their friends at a holiday reception at the Wilmington Light Infantry armory for the benefit of the George Davis monument fund. While the entertainment was a great success for the pleasure that it afforded the little folks and their guests who were present, it was not the financial success that it should have been, it being regretted that many grown people who should, did not attend. The little folks had a Thanksgiving pie from which were drawn various articles and candy, flowers, ice cream, cake, etc., were offered for sale. Pretty little Thanksgiving recitations were given by Misses Carolyn Northrop and Lucy Flynn. The pity is that more people were not present to enjoy the affair. A lot of candy and many pretty flowers left over will be on sale at the armory and some of the children will be in attendance and will be pleased to see their friends and dispose of it to them.

The Chadbourn Sash Door & Lumber Company yesterday shipped by Atlantic Coast Line to Norfolk, Va., a special order of very fine long leaf pine not available elsewhere. The shipment consisted of 101 pieces 8x12 and 40 feet long. The lumber was as pretty as ever went out of Wilmington and attracted much attention among those who knew the real article when they see it.

A bill of sale was filed for record yesterday at the Court House, transferring from John R. Smith to Mrs. Bibbie Smith, for a consideration of $3,000, all his property, drug business, live stock, etc., in Wayne county and show paraphernalia, etc., now with the John R. Smith Shows exhibiting in this city. The transfer is a mere formality and does not impair the organization of the carnival company.

The exercises arranged for Thanksgiving at the Y. M. C. A., the principal feature being the programme of the gymnasium classes under the direction of Dr. Burkhardt, was carried out very successfully and was enjoyed by a good-sized attendance of members and friends of the Association. Several renditions and recitations during the intermission were entertaining and highly pleasing. Secretary Edward Kettle at the conclusion of the evening's exercises made a short talk and in a happy manner thanked those who took part in the programme, and the members present for their interest in the Association work.

While hunting with a party near Rocky Point on Thanksgiving Day, Joseph Corbett, the 13-year-old son of Mr. K. J. Corbett, was painfully but not seriously shot in the face, arms and chest. Mr. W. H. Cox and son, Floyd, of this city; Mr. Robert Batts, of Rocky Point, and Mr. Fayette Corbett, a brother of the injured lad, were in the party and one of the number had frightened a squirrel out of a tree. As the animal came running down the trunk Mr. Cox fired and several others did likewise, it being found later that the lad on the opposite side of the tree had been peppered with shot. Mr. Cox took the boy to Dr. Williams at Rocky Point where he is receiving every attention.

Opening yesterday morning with the introductory sermon by Rev. C. H. Utley, of Burgaw, followed by permanent organization, three sessions of the Wilmington Baptist Union were held yesterday and last night at Southside Baptist church, this city, with a splendid representation of delegates in attendance from churches throughout the Wilmington Baptist Association.

The organization was effected with Rev. A. C. Chaffin, of Council's, moderator, and Rev. C. F. Whitlock, pastor of Brooklyn Baptist church, this city, secretary and treasurer.

In the afternoon the prayer service was led by Rev. O. P. Meeks, pastor at Point Caswell, and was followed by an able discussion led by Mr. D. L. Gore, on "What Relation Should the Union Sustain to the Executive Board." Considerable interest was manifested in the discussion, "How Can the Union Meeting be More Helpful to the Work of Our Association?" which was a subject ably discussed by Rev. C. F. At the Grand Lodge meeting in Raleigh in June a committee composed of Geo. L. Hackney, chairman; Thos. D. Meares, A. E. McCausland, J. D. Pridgen and M. W. Bell was appointed to entertain propositions for the location of the orphanage and the letters are now being sent out in order that they may recommend to the Grand Lodge at its next meeting an eligible site. ROOSEVELT AND HIS COMMISSIONS.

If Roosevelt's term were to last much longer there is no telling to what extent he would carry the Government's paternalism in the way of appointing commissions to look into the affairs and conditions of the various classes of the people. He seems to have a perfect infatuation for this sort of thing. His latest was the commission for studying the condition of the rural population, especially devoted to the Southern States, with the idea of bettering their condition. That struck many as being a great departure from the duties and functions of the Federal Government. This is only one of the many investigating commissions he has appointed during his incumbency of the Presidential chair. Several others have been appointed for purposes almost as foreign to the duties of his office or of the Government.

There is another commission which, it is said, he is desirous of appointing, and knowing ones in Washington think that only the short time left him prevents its appointment. It is a commission to study the condition of the negro and recommend ways and means for the up-lifting of that race. Booker Washington must have put this idea into his head, for it is said the latter has been in conference with the President several times this week. A Washington dispatch says the exact results of the conferences have not been announced, but it is expected that if another uplift commission does not come from it there will be an additional uplifting contrivance attached to the farmers' uplift commission so as to uplift also the negro and his sociological conditions.

Why can't President Roosevelt confine himself to the duties of his office? He can find enough work there to occupy his time and his brain. The Southern people do not want his meddling with their local affairs. They are getting along well enough without it. They are able to fight their own battles and work out their own social and economic salvation. So he should let them alone.

CONGRESSIONAL VOTE IN THIS STATE.

The State Canvassing board met, according to law, on Thursday and began the work of canvassing the election returns from the counties. It first took up the election of congressmen. The tabulated returns showed the following results: John H. Small, Democrat, was elected in the First district by a majority of 7,776 over Meekins, his Republican opponent. In the Second district the majority of Kitchin over, Ferguson, his Republican opponent was 8,914. In the Third district Thomas, Democrat, defeated Hill, Republican, by a majority of 3,648. In the Fourth district Poe, Democrat, was elected over Briggs, Republican, by a majority of 4,497. In the Fifth district Morehead, Republican, was elected over Brooks the Democratic candidate by a majority of 348. F. S. Blair, Prohibitionist, received 62 votes and J. P. Taylor, Socialist, 174. In the Sixth district Godwin, Democrat, was elected by a majority of 6,157 over Slocomb, his Republican opponent. In the Seventh district Page, Democrat, received a majority of 4,328 over the Republican candidate, Walser. In the Eighth district Cowles, Republican, had a majority of 1,375 over Hockell, the Democratic nominee. In the Ninth district Webb was elected over his Republican opponent, Smith, by a majority of 3,016. In the Tenth district the election went to Grant, Republican, over Crawford, Democrat, by a majority of 361. From the above it will be seen that the majority of the seven Democrats elected ranged from 3,016 to 8,914, while only one of the Republicans elected received a majority going into four figures, the majorities of the other two being less than 400 each. It will also be noted that in the Fifth district alone were any votes cast for candidates other than those of the two leading parties.

MIXED SCHOOLS AT THE NORTH.

The discussion of mixed schools has been somewhat renewed in the press by the recent decision in the case of Berea College, Kentucky, in which it was decided by the Federal Supreme Court that the State law, prohibiting the co-education at such institutions in that State was constitutional.

Many of the Northern States have no law providing for separate schools for white children and negroes, Massachusetts being one of them. Many persons who are already aware of that fact will be surprised, however, to know that as far back as 1800 the races were separated in the schools of Boston, and furthermore, that the city ordinance requiring such separation of the school children was adopted on a petition of the negro residents of the city, who complained that race prejudice there was so great that their children did not receive fair treatment from teachers or white pupils. In 1849 the Supreme Court of that State decided that it was lawful for the school board to provide separate schools for negroes. There are no race restrictions in that State now, not even at the University of Harvard. Speaking of admitting negroes to that University President Eliot has said that "perhaps if there were as many negroes here as in Mississippi or Kentucky we might find it best to segregate them." This remark shows Dr. Eliot's real views on the subject of mixed schools generally. There are many others there and in other Northern States who feel as he does but who fear to express their real views.

NATIONAL POLITICS AND PARTIES.

Here is how the Saturday Evening Post sizes up the political situation as regards national parties:

"After all the apologists are done, those election returns exhibit the alleged Jeffersonians in a State of dissolution. They are not even effective opposition. This year, Bryan, the radical, running against Taft, the conservative, was about as badly beaten as Parker, the conservative, running against Roosevlt, the radical, was four years ago. In the last four contests the Republicans have averaged pretty well up to two-thirds of the electoral vote.

"The solid South goes Democratic from local causes. Without it, that party would be nowhere. That it carried some Northern State elections signifies nothing. The votes there turned upon local issues. So there is today no advocate of a national policy, opposed to the policy of the Republicans, that need be taken into practical account.'

High Point people celebrated Thanksgiving in a truly Christian way, carrying out one of the real objects of the occasion which is so often overlooked by those who devote it to their own enjoyment. A special from that city to the Charlotte Observer of yesterday says:

"One of the grandest spectacles in the history of the city was witnessed yesterday afternoon when 1,200 school children marched down the main streets, each one of them carrying an offering for the needy poor of the city. It spoke well for High Point and the coming generation which is to take the place of the older heads. When the 1,200 packages were at last deposited in the shop of J. W. Sechrest they made three wagon loads, comprising almost everything imaginiable to eat. The chairman of the Associated Charities made the distribution today."

Now that the election is over and Taft has received a popular majority of over a million votes it seems to us that it is time for the press of the South to hold up in its adverse criticism of him, at least until it can learn whether or not he is going to be a sectional President or is going to give all sections a fair show. We, for one, do not ask any special favors of him for our section, nor do we think the people of the South want any. What they want is simply an ignoring of all sectional lines. Self-respect will prevent their asking anything more.

Horace Vose, the Rhode Island turkey raiser, did not forget the President this year. The Roosevelt family sat down to their Thanksgiving dinner at 7:30 o'clock Thursday evening with a 26-pound Vose farm turkey on the table. This Rhode Islander has been supplying the White House occupants with their Thanksgiving turkey for a good many years. Even with his big salary Roosevelt ought to be glad that he did not have to pay Wilmington prices for a 26-pound turkey for his Thanksgiving dinner.

One of the alleged leaders of the mob which lynched Captain Rankin at Reelfoot Lake has paid the penalty of his crime, but at the hands of a higher law than that made by man. He died of a congestive chill while awaiting trial.

The will of the late Joseph Bryan, of Richmond, Va., owner of the Times-Dispatch, has been admitted to probate. The estate is valued at $750,000. It is needless to tell our readers that this fortune was not made in the newspaper business alone.

CURRENT COMMENT.

—The Ohio State Journal gives Mr. Roosevelt a hint that, although there are more than 250,000 words in the English language, it is not necessary for him to use them all in a presidential message. The grievance is not so much that Mr. Roosevelt uses so many words, but that, like another "bluff prince," Hal, he has "damnable iteration."—Columbia State.

—We shall be much disappointed if Iowa's selection of Governor Cummins to succeed Mr. Allison in the United States Senate does not prove a distinct and important reinforcement to the forces of integrity and sane reform in that body. The Senator-elect is a man of high ability and of enlightened views, of pronounced convictions but not radical. We foretell for him a career of more than ordinary honor and usefulness.—Virginian Pilot.

—The stingless bee, recently developed by breeders, appears to be no good. It produces honey in sufficient abudance, but somehow that honey lacks zest almost entirely. Some time ago the announcement was made that the onion, as formidable among vegetables as the bee among insects, had been robbed of its odor. Who believes that it can posses any merit after undergoing such a subtraction? We are not particularly hospitable to scientists who produce results of no more value to mankind that this.—Charlotte Observer.

—The Pennsylvania Railroad Company gave out a statement Sunday showing that more than $25,000,000has been paid out by the employes' relief funds of the Pennsylvania Railroad system since the organization of these departments. Since July, 1880, on the lines west of Pittsburg, and February, 1886, on the lines east, $15,050,644 has been paid to members, who, because of illness or accident, have been incapacitated for work. The remainder, $10,276,227, has been paid to the families of members who have died. On the lines east of Pittsburg and Erie, where the relief fund has been in operation more than 22 years, the total sum that has been paid out in benefits is $18,485,753, of which $10,981,480 was on account of disablements through sickness or accident. The remainder, $7,504,272, was paid in death benefits.—New York Press.

—For a dozen years Mr. Bryan has had a wonderfully strong hold on the American people, or a number thereof, but the vote he has received indicates that his popularity has waned. In 1896 he was defeated by a popular plurality of 601,854. In 1900 the popular plurality against him was 849,790. This year it is 1,100,000. In several States he ran behind the State ticket. The combined pluralities against the State tickets amount to a little over 400,000, or 700,000 less than the plurality against Mr. Bryan. The plurality vote against him in his third race is 500,000 more than it was in his first race. He has a following that adheres to him through thick and thin, but he has lost many followers, and in his last campaign many supported him who had never done so before, while many who had been his supporters declined to vote for him. For a man who has met only defeat in his whole career as a National leader, Mr. Bryan's popularity and influence have been well sustained, but the figures indicate their decline.—Nashville American.

Your Druggist Says

Ask Your Druggist

The great army of American druggists are mighty intelligent and well-educated men.

They know the properties of drugs and medicines, and have experience with all kinds of troubles, which people come into the store to ask relief for.

So their practical knowledge is very valuable, and their advice is worth a great deal to all sick people.

If you know your druggist well enough to ask his advice for your female trouble, do so, and he will tell you that thousands of women have written letters, telling of relief obtained from taking Cardui.

In his experience, he has heard and read of many cases of female weakness, which have been relieved or cured by Cardui. So, when you ask his opinion, he will not offer a prescription, but will probably say: *"Take Cardui."* And you will do well to follow his advice.

Cardui is advised in all the common forms of womanly trouble, due to disorders peculiar to females.

It has been found to relieve or prevent headache, backache, side ache, dragging sensations, nervousness, irritability, irregularity, and general female weakness and misery.

Many thousands of sick ladies have been restored to health, by the use of Cardui, and have written to tell of the good it did them.

Cardui is composed of pure, vegetable ingredients—hence has no harmful effects, like many mineral compounds. It acts gently and naturally, is good for young and old, and should be in every lady's home, even if not an invalid, to take during her bad days.

What others, who have tried Cardui, say about it, should surely be of interest to you, as showing what you may expect it to do for you. Hence this letter from Mrs. Tempie Clark, of Timberville, Miss., one of the thousands who have written in similar strain, will, we hope, be read by you.

She says: "Cardui has been worth more to me than a carload of silver. If it had not been for Cardui, I would have been dead. I love a dollar, but I have never seen one that I think as much of, as I do of a bottle of Cardui. I now keep it in my house, as regularly as I do coal oil or coffee, and have done so for years.

MRS. TEMPIE CLARK, Timberville, Miss.

"Some years ago, I jumped off a horse and had a mishap, and for about 4 years after that, I suffered intense agony, irregularities, bearing-down pains, etc. At last I was induced to try Cardui, which cured me, and now I am well and happy.

"I am sure that Cardui will cure other sick ladies as it has me."

Cardui is carried, as a standard remedy, on the shelves of all reliable drug stores. Your druggist will recommend it, and will gladly sell you a bottle, with full directions for use, on the inside of the wrapper.

If in doubt, ask him.

AFTER THE GRIPPE

Vinol Restored This Man's Strength

"Several years ago I was attacked by a severe case of grippe, which left me with a hacking cough, soreness in my chest, and bronchitis. I took nearly every kind of cough syrup sold on the market, besides medicine given me by physicians.

I received no permanent relief until my druggist asked me to try Vinol, and after taking three bottles I was entirely cured.

I believe Vinol to be the greatest blessing ever offered to the public, as it does what is claimed for it." R. E. R. Hicks, Maplesville, Ala.

The reason Vinol cures chronic coughs, colds and pulmonary troubles is because it contains tonic iron and all the healing and body building elements of cod liver oil but no oil.

Vinol is also unexcelled as a strength builder for old people, delicate children, weak and run-down persons, and after sickness.

VINOL is sold in Wilmington by Robert R. Bellamy, Druggist.

WAGNER WON THE RACE.

Took the $5,000 Grand Prize of Automobile Club of America.

(By Wire to the Morning Star.)

Savannah, Ga., Nov. 27.—In a finish that will be remembered as long as automobiles are used in this country, Louis Wagner, driving Fiat car, yesterday won the inaugural contest for the $5,000 Grand Prize of the Automobile Club of America.

At the end of the 16th and last lap his margin of victory was so narrow that there was some uncertainty as to whom the honor would go, as five minutes earlier Vivtor Hemery,urging one of the large German Benz machines to the limit, had completed the race. He had, however, started in eighth place, while Wagner's distance at the breakaway was 14th. It was not until the official announcement was made that the spectators knew who had won.

Richmond, Va., Nov. 27.—The forward engine of a double header northbound passenger train on the Richmond, Fredericksburg and Potomac railroad left the rails at Elba, within the city limits early today, causing a buckle in the train. A negro brakeman was killed and a negro fireman badly injured. Conductor Thomas Walton was caught under the wreckage which had to be cut away before he could be released. He was only slightly burned, however.

How Can You Expect to Digest Hog Fat?

Take any lard-fried food and examine it when it is cold. You will find it covered with a thick, heavy coat of grease that you would not think of eating under any circumstances. That grease is there just the same when the food is warm, but you do not see it. It is the fore-runner of indigestion, unless you have the stomach of an ostrich.

Cottolene contains no hog fat, and food cooked with it is not only wholesome and digestible, but healthful and absolutely free from hog fat. The reason is that *Cottolene* is a vegetable oil product, and not an animal fat.

COTTOLENE is Guaranteed Your grocer is hereby authorized to refund your money in case you are not pleased, after having given *Cottolene* a fair test.

Never Sold in Bulk *Cottolene* is packed in pails with an air-tight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

—There were but a few trifling cases before the Mayor yesterday. Luther White and Iredell Cotton, colored boys arrested on the carnival grounds by Officer J. B. Hall for an affray, were taxed with the costs. James Henderson and William Dunlap, colored, charged with disorderly conduct, could not pay fines of $5 and costs and went to the roads.

—Rufus Davis, colored, was taken from the hospital yesterday afternoon by Constable Savage and landed in jail upon a charge of assaulting John Brown, another negro, with a beer bottle, in one of the alleys across from the market house Thanksgiving afternoon. Davis was badly cut about the throat, head and shoulders by Brown. The two will be given trial before Justice Furlong today or Monday.

—In Justice Bornemann's court yesterday Maggie Moore, colored, secured a warrant for Sarah Emma Payne, another negress, charging her with disorderly conduct. Deputy Sheriff Piver was dispatched after two witnesses, one of whom, Sarah Walters, died within five minutes after the summons was read to her. The tragic circumstances were such that both the women came into court and submitted to disorderly conduct and were taxed with the cost.

—By deed filed for record yesterday, the North Carolina Home Building and Loan Association transfers to W. A. Rourk, for $3,425, the store on east side of Water, 34 feet south of Market street, 32x60 feet in size. The property was sold at auction for the estate of the late R. V. Leonard and bid in by W. J. Reaves, who assigned the bid to Mr. Rourk. The Leonard residence at Second and Church streets was bid in at the sale by Mr. R. R. Stone, for $4,100.

DIED IN NEW YORK CITY.

Mr. Allmand B. Elliott Passed Away After Illness With Typhoid.

Many friends in Wilmington have learned with sorrow and tenderest sympathy for the bereaved ones of the death of Mr. Allmand Blow Elliott, son of the late Col. Warren G. Elliott and brother of Messrs. George B. and Warren G. Elliott, Jr., of this city, which occurred Thursday night at his home in New York after a brief illness with typhoid fever which later developed pneumonia. Mr. Elliott was 27 years of age and was vice president and general manager of the Witherbee Igniting Co. He was a graduate of the University of Virginia and had perfected many valuable inventions of his own. Mr. Elliott about two years ago married a daughter of Gen. Thos. L. Rosser, of Charlottesville, Va., and she with his mother, two sisters, Misses Mardita and Elizabeth Elliott, of Baltimore, and four brothers survive him. Other than the brothers named, those surviving are Messrs. Charles and M. C. Elliott. Messrs. Geo. B. and W. G. Elliott, Jr., left last night to attend the funeral of their brother, which will be Sunday afternoon in Charlottesville, Va.

Miss Mattie Hodges, 609 South Fifth street, Wilmington, N. C., says: "Since using Doan's Kidney Pills I have felt better in every way and I am pleased to add my testimonial to the many already given in favor of this remedy. I had kidney trouble for years. My back ached most of the time and when I stooped or lifted, sharp pains would catch me across the loins. I had no strength or energy and was also bothered by a kidney weakness. I used only one box of Doan's Kidney Pills, procured at Robert R. Bellamy's drug store, and they cured my backache, strengthened the kidneys and gave me renewed strength."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Seats now selling for Paul Gilmore, Academy Monday. **

The Theatre

The camp scene in "The Boys of Company B," the new play in which Paul Gilmore will be sen at the Academy of Music Monday night, is a perfect facsimile of the camps of the New York militia, the scene being laid in Meadows-on-the-Hudson. The appearance of Mr. Gilmore in Richmond Wednesday night was the signal for one of the largest audiences of the season and Gilmore was the recipient of so many calls that he came before the curtain and responded with a five-minutes talk to the outburst of applause. The Richmond Times-Dispatch of Thursday contained a half-column highly favorable criticism of the play by one of the staff of the paper. Seats for this attraction go on sale at Plummer's this morning. A large life-size model of Mr. Gilmore, made in Paris last Summer, in the uniform of Capt. Tony Allen in the Boys of Company B is now on display in one of the large show windows of Munson & Co., on Front street.

Crystal Palace.

Both Thanksgiving and yesterday the Crystal Palace did a rushing business and the latter time was the occasion of ushering in the new bill. The change of programme is a delightful one and was thoroughly enjoyed by large audiences. There was never a dull minute and everything was bright and fresh. Of course, the musical comedy team of Moredock and Watson came in for the lion's share of applause and approval, but encores were given each of the other features. Today will end the present splendid bill and will offer the last opportunity to see Moredock and Watson, whose act has been pronounced one of the best and funniest ever presented at the popular Palace.

A Strong Gale.

The fury of a wind storm as it lights upon a gay Summer resort with the band playing and throngs of people crowding places of amusement will be depicted in moving pictures at the Bijou this afternoon and evening. The comedy feature is given in the case of a quaint old woman news dealer who clings to her booth as it goes soaring thousands of feet overhead and when the wind has subsided the people turn out in search of her. She finally lands with her aeroplane in the middle of the river and is rescued. The film is a great one and small prices continue always.

Fine declamations were listened to from Fred Hale, Jr., and Harmon Rorison.

FOOTBALL TODAY.

Raleigh Team Has Arrived and Will Meet High School Here.

What promises to be the hardest fought and snappiest football game of the season, Carolina and Davidson and Wilmington and Fort Caswell not excepted, will be the meet of the Wilmington and Raleigh high school teams at League Park this afternoon at 3:30 o'clock for the school championship of Eastern Carolina. The Raleigh team arrived yesterday to be in readiness for the game and though the visitors will doubtless outclass the locals by nearly 20 pounds per man, the locals are going in confident of winning. The average weight of Wilmington is 127.2 pounds but every ounce of that is brawn and muscle, trained to the strength of young giants. The teams will line up as follows:

Wilmington		Raleigh.
A. Emerson	re	Briggs
S. Pulliam	rt	Harris
W. Sprunt	rg	Massey
C. Lynch	c	Goodwin
V. Smith	lg	Whiting
R. Strange	lt	Holding
G. Clarke	le	Jeffrey
S. Schulken	rhb	Yerby
I. Noe	fb	Betts (c)
J. LeMassena	lhb	Faucette
A. Craft (c)	qb	Ivey

The officials will be Mr. Preston Cumming, Jr., referee; Prof. Seagle, Raleigh, umpire, and Mr. W. L. Smith, Jr., head linesman. Tickets are on sale at 25c each for adults at Kingsbury's drug store and for children at 15c each at DeRosset's bookstore. It is hoped that the attendance will be large as the local management has gone to considerable expense to get the game here.

SPIRITS TURPENTINE

—Newbern Journal: The market dock was crowded with sailing craft yesterday. Most of the vessels were loaded with oysters, but some had cargoes of potatoes. Oysters are more plentiful and cheaper here than they have been before, in several years.

—Maxton, Nov. 26.—A Croatan girl named Brewer, living on Mr. M. C. McNair's place near town while burning trash in the yard this afternoon allowed her clothing to catch on fire and she was burned almost over her entire body and is expected to die at any time.

—Monroe Journal: Monroe is likely to have a good warm postoffice fight, Mr. J. S. Hasty, the present postmaster, whose time expired last March, is of course, an applicant for re-appointment, while Mr. W. B. Love, who ran for Senator on the Republican ticket and made an active canvass, also seeks the place.

—Mount Olive Tribune: In an opinion handed down last week by the Supreme Court, the right of the city of Goldsboro to the trees growing upon the public streets—to dispose of them as the city fathers may elect—is definitely determined; so that, in future, there can be no question as to ownership or right of action whenever the city may elect to cut down such trees.

—Kenansville News: We notice a large number of new homes going up in the county. This is a healthy sign and it shows clearly that the drift is now toward the country instead of the towns. Country life is becoming more and more attractive and the time will soon be at hand when the city people will return to the country for good health and real happiness.

—Fayetteville, Nov. 25.—Thomas Riddle, the youth who shot and killed his father James Riddle, Sunday, August 2nd, was today sentenced to 15 years in the penitentiary after submitting to a verdict of murder in the second degree. The immediate cause of the slaying was a quarrel between the father and son over cigarette smoking, though there seems to have been ill-feeling between them for some time.

—Maxton, Nov. 26.—This afternoon while out hunting Doc. McLean, 10 years old, accidentally shot and instantly killed Lacy Barnes, 14 years old. McLean claims that he was fixing to shoot a lark when Barnes got in front of the gun and received the load just a few inches above the heart. McLean was arrested and locked up immediately, awaiting the coroner's arrival and an investigation.

—Rocky Mount, Nov. 26.—Perhaps the following will take a blue ribbon so far as the raising of peanuts in this section is concerned; Mr. J. W. Lancaster, a prominent Edgecombe county farmer, from a five acre field, has harvested ninety-five bags of peanuts, aggregating over three hundred and eighty bushels. The peas are of the small Spanish variety, and a yield of two hundred bushels from a similar sized tract of land would be considered an exceptional one.

—Mount Olive Tribune: Police Officer Mr. Frank Latham, who left here some two weeks ago, for Binghampton, N. Y., armed with requisition papears for a defaulter wanted here by the Jno. Slaughter Company, has been detained there by a legal fight over his man, who is wanted also by others whom he has defaulted in other places. Mr. Latham has been in constant touch with the authorities here, and is maintaining his ground, pending a final settlement of the legal points in the controversy.

—Statesville Landmark: Thursday night the long distance Bell telephone wire between Charlotte and Statesville was found out of commission and when investigation was made Friday morning a break in the wire was found in the vicinity of the Kistler bridge, two miles south of town. Two dead partridges were found underneath the wire and the trouble was made plain. A covey of birds had gone against the wire with such force as to break it and at least two birds were killed. Some crippled birds were seen in the neighborhood and it is supposed that they were injured in the same way.

—Kinston, Nov. 25.—Jack Braxton, 17 years old, of Snow Hill, was instantly killed by accident while hunting this morning between 11 and 12 o'clock with a 9-year-old companion. The accident occurred near Snow Hill, to which place the body was taken immediately. Braxton and the little boy were hunting in a field and coming to a ditch the former jumped across. The ditch was too wide for the boy to leap and Braxton handed him the breech of the gun to assist the little fellow over. In jerking the gun back to pull the boy over the hammer caught a twig and fell back on the shell exploding it. The muzzle of the gun was pointing towards Braxton and the whole load entered his body, causing instant death.

—Rocky Mount Echo: To rare presence of mind is due the fact that Nathan Bass, a young white man who is employed at the rock quarry, near this city, is today a living mortal. While in the act of oiling part of the machinery known as the sifter, the engine began to put into motion and began to pull him into its clutches, which would have meant certain death in a few seconds. The young man, with his right arm being drawn into the machine, saw his danger and made one thrust at the belting with dangling legs and he was successful in kicking the belt from the pully, thus stopping the machine and saving his own life. He was taken from the machine in an unconscious condition and carried to his home at the Falls, where he gained consciousness a short while after the accident.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, Nov. 27.—The cotton market was nervous and irregular today with a comparatively narrow range closing barely steady, net unchanged to 5 points lower. Sales were estimated at 200,000 bales.

The market opened steady at an advance of 11 points on November, 3 on December and one point on January, but unchanged to 3 points lower on later months. There seemed to be a little buying of November by belated shorts, and December was influenced by smaller notices than expected, only about 2,500 bales, according to estimates; but January weakened right after the call under liquidation by people who seemed to be buying the later months. December reacted from 9.27 to 9.20 and the general list sold about 2 to 7 points net lower during the first half hour. There was not actual pressure against December, however, and the steadiness of this position which quickly rallied, following the early break, together with the good demand for the later months from Wall street and outside sources, imparted a generally steadier tone to the market during the middle of the day and at one time prices were net unchanged to 4 points higher. The close was off from the top under scattered realizing. The members of the Liverpool cotton exchanged estimate the crop at 13,349,000 bales on the average. Southern commissioners of agriculture estimate the crop at 12,550,500 bales. The New York Cotton Exchange announces that it will increase its estimate of southern mill takings, owing to the rapid revival of trade, to 100,000 bales per week during the months of December and January. Cables were about as due. Southern spot markets were generally unchanged.

Receipts at the ports today were 63,124 bales, against 73,896 last week and 49,295 last year; for the week 425,000 bales, against 405,903 last week and 335,830 last year. Today's receipts at New Orleans 5,671 bales, against 4,074 last year and at Houston 22,437 bales, against 8,857 last year.

Spot cotton closed quiet,; middling uplands 9.45, middling gulf 9.70. Sales 200 bales.

Futures opened steady, closed barely steady.

WEEKLY COTTON REVIEW.

(By Wire to the Morning Star.)

New York, Nov. 27.—Net changes in price of cotton have been small during the past week. Conflicting influences have kept the fluctuations within narrow limits. Wall Street and outsiders at the south, in New England and at the West, particularly at Chicago have bought, partly on a scale down. This with enormous spinners' takings and exports, the latter in two days amounting to nearly 200,000 bales, and a generally firm tone in the spot markets at the South have contributed to support prices. Also a very important factor—general trade has increased, things are improving in the dry goods business all over the country, printcloths have advanced at Fall River and Providence and, finally, the recent advance in the stock market has not been without a certain influence. At times some falling off in receipts, too, at interior towns has not been without effect. December here is at a premium of 24 points over January even on notice day. Spinners' takings have been on a scale far in excess of the corresponding period last year. The things which the market has had to contend against during the past week are briefly these:

Continued large receipts at the ports in spite of some falling off at the interior towns, crop estimates running in some cases as high as 14,000,000 bales, the fact that the average estimate by the members of the New York exchange is 13,321,000 bales, persistent selling by large spot houses who are understood to have sold December and January freely mainly with the view, as most people here think, of preventing the shipment of large quantities of cotton to New York. Futures here have recently on the whole advanced more rapidly than spot prices at the South. The weather at the South, moreover, has continued in the main favorable and rightly or wrongly the tendency of late has been to increase the crop estimates. However, there has been persistent buying for a rise led by Wall street houses on the idea that the cotton business is bound to improve with trade all over the country.

THE DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, Nov. 27.—The dry goods market today was steady and prices were firm. In cotton yarns a quiet business was done at firm prices. The wool markets were not so active as a couple of weeks ago, the upward flight of prices probably checking trade. Pulled wools were the most active, the cost for the December product showing a further advance.

NEW YORK STOCK MARKET.

(By Wire to the Morning Star.)

New York, Nov. 27.—The decrease in the activity of the market for stocks today indicated the lapse into professional hands of most of the dealings and the subsiding general interest on the part of the moneyed interests. The price movement on the diminished scale of activity indicated a growth of confidence on the part of the professionals in the stability of prices. Stocks which were sold out on the eve of Thanksgiving holiday on the chance of unfavorable developments in the interval were re-purchased today. No important new development explained the buying. The expected financial plan for Southern Pacific continued to play an important part in the motives of the professional buying, but no progress was made in any authentic knowledge of what the plan is or of the actual existence of such a plan at all. Another motive for some of the notable movements was the expectations of decisions in the pending cases in the Supreme Court at Washington on Monday. The coalers are expected to be benefitted by the expected decision of the court in the case agreed upon to test the commodities clause of the Hepburn law. Some of the individual advances were based on special causes, rumors of intended dividend increases figuring in one or two cases. An indicated decline for the week in the cash holdings of the banks in the neighborhood of $2,000,000 seemed to be viewed with equanimity. An advance in the discount rate had been looked for and the open market discount rate in consequence fell back to some extent. Here the condition of the money market was not appreciably changed, the six months period, however, showing a slightly lower interest rate. The foreign exchange market was firm, but rates were not quotably changed. The most active trading of the day occurred just at the last and prices were then rising vigorously.

Bonds were irregular. Total sales, par value, were $6,010,000. United States bonds were unchanged on call. Total sales today were 790,000 shares.

DUN'S TRADE REVIEW.

(By Wire to the Morning Star.)

New York, Nov. 27.—R. G. Dun & Co's. weekly Review of Trade tomorrow will say:

Although the holiday and unseasonable weather handicapped business this week, further substantial progress was made toward normal commercial activity, especially in respect to the number of wage earners employed in the leading industries. Mills that have been closed for over a year are reopening and many plants that were on part time or force are now in full operation. Recovery is making remarkable strides and almost every comparison with conditions a year ago provides a reason for the day to be devoted to grateful recognition.

One of the features of the week was the demand for railway supplies. Steel rails were ordered moderately and many leading roads are ready to operate if the mills will roll according to special schedules at standard prices.

Strength is maintained in the primary markets for textiles, although cotton goods are a little less active on account of the firm position of producers. Buyers' propositions naming concessions from regular quotations are rejected promptly. A little increase in sales of Standard drills to India is the only development in the export department, the decline in price of silver postponing the expected improvement in demand from China, while Red Sea buyers refuse to advance bids to current figures. Woolens are gradually gaining despite the high temperature. Staple goods for the next heavy weight season are about to be shown, but fancy offerings will be deferred. A few lines of dress goods for the spring trade have sold freely, notably satin faced fabrics.

Prices threaten to be a disturbing element if the rise in leather is not checked, shoe houses being near the point at which no profit can be made. Most factories have all the leather needed for the present, but tanners are rejecting duplicate orders at former terms.

THE RICE MARKET.

(By Wire to the Morning Star.)

New York, Nov. 27.—The rice market has been quiet, distributors buying only for current needs as a rule, the movement of holiday goods being a retarding influence. Some local jobbers find wholesale grocers more inclined to anticipate wants, inquiries for carload lots being noted. The improvement in Japans, especially the higher grades, stimulates a better feeling in circles where the recent decline made for a waiting policy. Honduras fancy sorts are in rather light supply, receipts being largely Japans. Assortments are good and stocks ample for the prevailing quiet trade, prices holding steadier. Advices from the South have encouraged an improvement, brokers here reporting Texas mills demanding full list prices of the high level at which rough rice is being held.

THE DISCUSSION OF IRON SCHEDULE

Puts Life Into Hearing by The House Committee.

RIVALRY OF TWO UNIONS

On the Tin Plate Duty Develops Friction—Wire Goods Manufacturers Demand Free Pig Iron. Roosevelt Criticised.

(By Wire to the Morning Star.)

Washington, Nov. 27.—Representatives of labor appeared before the Ways and Means committee of the House today to advocate the duty on tin.

John Williams, an official of the Amalgamated Association of Iron, Steel and Tin Workers, asked that the duty on tin plates be maintained and that the system of drawback on exported tin manufacturers be abolished. The reduction of the duty, he said, would demoralize the American industry.

Chairman Payne read a letter under the seal of the United Sons of Vulcan, of Pittsburg, protesting against Williams appearing before the committee to represent the tin workers, giving as a reason for the opposition the fact that he had advocated Bryan's election.

This led Mr. Williams to denounce the rival union.

"But are you in the employ of manufacturers?" asked Mr. Payne.

"Positively not, sir," as the reply.

Tariff reform so radical as to exceed that urged by the Democrats was advocated by Jesse F. Orton, of the New York Tariff Reform Club.

When Nelson Lyon, secretary-treasurer of a company manufacturing wire articles at Tarrytown, N. Y., took the stand to ask for a removal of the tariff on iron Representative Griggs, of Georgia asked: "Are you making any money?"

"A little but not much," was the response.

He claimed that if the entire tariff had been removed from pig iron during the last year the American manufacturers would have received $153,000 more than they received for the product in 1904. In that year he added that a profit was made, for the steel trust does not produce unless it produces at a profit.

In an attack on the "steel trust," Mr. Lyon said that during the panic last fall, "our great and good President Roosevelt, who rules our land in righteousness, allowed the steel trust to turn 70 per cent. of their employes out to starve." He said the President encouraged this corporation to absorb its competitor, the Tennessee Coal and Iron Company. "We are also told," continued Mr. Lyon, that President Roosevelt promised this trust immunity from prosecution; that they came out boldly and told us they would not reduce their prices of production.

"Why our great President is following the Standard Oil Company, to prevent it shipping oil a few cents cheaper than its competitors and lets this steel trust go 'scot free' while stealing from the public through the robber tariff from one to two million dollars a year, is beyond by comprehension."

KIMBALL'S TRAGIC END.

Memphis Man Kills Himself to Settle Disagreement.

(By Wire to the Morning Star.)

Memphis, Tenn., Nov. 27.—W. E. Kimball, of this city, unable, it is said, to choose between his wife and Miss Nora Acton, a young woman of Elvondale, Ala., with whom it is alleged he had become enamored, jumped from the Memphis bridge and ended his life, his body being discovered today under the bridge on the Arkansas side of the Mississippi river. Kimball and his wife had just become reunited. It was during their separation that he met Miss Acton.

Birmingham, Ala., Nov. 27.—Nora Acton, the young woman mentioned in connection with the suicide of W. E. Kimball of Memphis, said that she knew Kimball as a friend only and that he left here two months ago and that she was hearing from him from Memphis. She said she wrote him saying she had heard that he was to return to his wife and family and that she was glad of it. She said also she only heard through others that Kimball had a wife. She denied that Kimball was a sweetheart of hers. She is employed in a cotton mill and is 22 years of age.

Dismasted, with decks awash the derelict schooner John M. Brown, which was wrecked October 30th off the coast of Virginia, her captain and crew being saved, was sighted November 21st over 500 miles eastward from the point from where she was abandoned. The steamer Haverstoe, which arrived here today, reported passing the schooner.

NAVY'S LACK OF COLLIERS

Serious Condition Threatening Our Warships in the East Under Certain Contingencies—High Power, Long Distance Wireless.

(By Wire to the Morning Star.)

Washington, Nov. 27.—Had foreign complications arisen, or had a combination been effected between foreign ship-owners, our fleet might have had to remain lying helpless in some foreign port, is the observation made by Rear Admiral William S. Cowles, chief of the equipment bureau of the navy, in his annual report in discussing the lack of colliers necessary to supply the battleship fleet with coal on its cruise around the world.

The total number of American vessels that might have been obtained by purchase or otherwise would not have been capable of carrying a sufficient amount of coal to supply the fleet on its voyage and it was necessary to charter foreign vessels for this purpose. He recommends that immediate steps be taken to supply an adequate number of colliers for the navy. There should at least be one for every two units, with sufficient capacity for supplying four vessels.

A total of 836,389 tons of coal, coting, including transportation $5,168,824, was purchased during the fiscal year 1908 and of this amount 771,928 tons were purchased within the limits of the United States.

Admiral Cowls' report says that during the past year marked progress has been made wireless telegraph and its value in the scheme of national defense is becoming more and more apparent. Recent developments warrant the establishment of high powered long distance stations. Besides the erection of such a station at Washington in the near future, the bureau contemplates eventually the construction of such stations on the Pacific coast, at Hawaii, Guam, Samoa and the Philippines so that the fleet will, at all times, be in direct communication with Washington wherever it may be—in the North Atlantic ocean, the North Pacific the greater portion of the South Pacific and part of the Indian ocean. When the high power station at Washington is erected noon signals will be sent out, which will reach every portion of the North Atlantic ocean.

SUIT OF TOBACCO TRUST.

Against R. P. Richardson & Co., of This State Continued.

(By Wire to the Morning Star.)

Newark, N. J., Nov. 27.—The suit of the American Tobacco Co., against R. P. Richardson, Jr., & Co., of North Carolina, to compel the transfer of the stock of the defendant company to the American Tobacco Co., in compliance with an alleged agreement, has been indefinitely continued. The suit was to have come to trial in the chancery court next Wednesday. Today, however, counsel for the Richardson Co., asked Vice Chancellor Howell for the postponement of the trial on the ground that the suit could not be decided until after the United States court had decided the pending suit of the Government against the American Tobacco Co.

REELFOOT LAKE NIGHT RIDERS.

Bills to be Found to Prevent the Discharge on Habeas Corpus.

(By Wire to the Morning Star.)

Union City, Tenn., Nov. 27.—It was stated today by one of the attorneys in the night rider case that the grand jury would return, either today or tomorrow, indictments against the eight supposed night riders now held in jail at Nashville and that a capias would be sent there at once for the arrest of the eight men.

This, it is said, will be done in order to hedge against the possible dismissal of the eight night riders in Nashville by Judge Matthews on the writs of habeas corpus cases on which opinion has been reserved.

THE REBATE CASE TRIAL.

The Case Against Gilbert For Re-Consigning Cars.

(By Wire to the Morning Star.)

Richmond, Va., Nov. 27.—The trial of the rebate case of Alexander O. Gilbert, assistant general freight agent of the Chesapeake & Ohio Railroad, was resumed in the United States Circuit Court today. H. O. Gates, was the first witness. He told in detail of the scheme of reconsigning cars on which a lower rate was charged than the tariff schedule called for. Forged expense bills and bills of lading were used to make the scheme work out, he testified.

HITCHCOCK'S JOB IN TAFT CABINET

Republican Chairman Has Accepted Position of Postmaster General.

TAFT'S FIRST SELECTION

Official Announcement Will Not be Made Until Cabinet is Completed Hitchcock Familiar With The Work.

(By Wire to the Morning Star.)

Hot Springs, Va., Nov. 27.—Frank H. Hitchcock has been offered and has accepted the position of Postmaster General in the Taft Cabinet that is to be.

The official announcement of this conclusion regarding the first cabinet selection of President-elect Taft will doubtless not be made until Mr. Taft has completed his cabinet, at which time it will be announced en bloc. Because of this view of the situation no expression regarding the selection of Mr. Hitchcock was obtainable for publication from either Mr. Taft of the Republican National chairman. There were many reasons, it was pointed out, why it was expedient that Mr. Hitchcock's status should be fixed, at least so far as the principals are concerned, and a complete understanding is known to exist between them. As chairman of the Republican National Committee Mr. Hitchcock became more familiar than any other person with the political phase of questions likely to arise at the beginning of the Taft administration and the knowledge he gained regarding the personnel of the party will be of great service to Mr. Taft throughout his administration.

Besides these reasons, the National chairman admittedly possesses a comprehensive as well as a technical knowledge of postal affairs, gained by a protracted experience as first assistant and acting Postmaster General.

Mr. Hitchcock, accompanied by Charles H. Boynton, of New York, left here tonight for Washington, where tomorrow night he will be the guest of honor at a dinner to be given him by the executive and advisory committees of the National Committee. He then will visit headquarters in New York. It is altogether probable that from this time on Mr. Hitchcock will be frequently in conference with Judge Taft.

Timothy L. Woodruff, Republican State Chairman was here today and said he exepcted to discuss the Senatorial situation in his State, as well as a number of other matters of political importance growing out of the recent campaign. As to his own aspiration in connection with the Senatorship Mr. Woodruff said he had as yet made no public announcement nor had he anything to say on the subject for publication at this time. He had heard a rumor that he had come down here to withdraw, he said, but he declared there was absolutely no foundation for such a statement, particularly as he had never declared himself a candidate.

A. & M. WAS VICTORIOUS.

Won Great Game From V. P. I.—Carolina Loses to Virginia.

(By Wire to the Morning Star.)

Norfolk, Va., Nov. 27.—The elevens of the Agricultural and Mechanical College of North Carolina and Virginia Polytechnic Institute, two of the strongest teams of the South, met here yesterday afternoon, A. & M. winning the game in a sensational finish by 6 to 5. A successful and an unsuccessful effort at goal made the difference in the score. Seven minutes before the end of the play Seifert, who had just gotten into the game, took the ball over V. P. I's goal on a forward pass from Stevens. It was the prettiest play of the game.

Richmond, Va., Nov. 27.—After four years' absence the two teams representing the State Universities of Virginia and North Carolina played in this city yesterday to a crowd numbering 12,500 persons. Virginia won an easy victory resulting in the score of 31 to 0. The Carolina boys throughout the contest exerted every bit of their ability to cross Virginia's goal line without avail. At every stage of the game the Carolinians were outclassed, partially due to the fact that Capt. Thomas was out of the game because of injuries received earlier in the season.

RE-CALLING THE TROOPS

Excitemept Caused by Kentucky Night Riders is Subsiding.

(By Wire to the Morning Star.)

Hopkinsville, Ky., Nov. 27.—The withdrawal of troops from the "night rider" region of Western Kentucky began today. The first camp abandoned was at Hickman, where recently a family of negroes were murdered.

Soldiers this afternoon left Trigg county and those at Princeton, Gracey, Cobb, Dawson and various other places will break camp tomorrow. Guards will be left at Murray and Eddyville will break camp tomorrow. Edyville, where conditions are still feared to be critical.

Many protests have been sent to Governor Willson against the removal of the troops by citizens who fear that the night rider activity will be resumed in those districts.

CHINESE ENVOY COMING

Americans Have Planned to Give Him Cordial Welcome.

(By Wire to the Morning Star.)

Washington, Nov. 27.—Arrangements were made by the State Department for the reception of Tang Chao Yi, the Chinese special envoy, who probably will reach this city Monday afternoon next. The envoy will be met at the Union station by Assistant Secretary Bacon or Assistant Secretary Wilson and several other officials together with the military aides of the President. The party of the envoy will consist of 21 members including Tang Chai Yi, and after a simple reception and introductions they will be driven to the special residence that has been prepared for them on K. street.

Two boys near Waverly, Tenn., were taken to the woods Thursday night and severely whipped by masked night riders, who claimed the boys wouldn't work. A man was also visited by riders, whipped and forced to run up and down a half-mile lane until he was exhausted. He was told he had been talking too much.

NATURE AND A WOMAN'S WORK

LYDIA E. PINKHAM

Nature and a woman's work combined have produced the grandest remedy for woman's ills that the world has ever known.

In the good old-fashioned days of our grandmothers they relied upon the roots and herbs of the field to cure disease and mitigate suffering.

The Indians on our Western Plains to-day can produce roots and herbs for every ailment, and cure diseases that baffle the most skilled physicians who have spent years in the study of drugs.

From the roots and herbs of the field Lydia E. Pinkham more than thirty years ago gave to the women of the world a remedy for their peculiar ills, more potent and efficacious than any combination of drugs.

Lydia E. Pinkham's Vegetable Compound is now recognized as the standard remedy for woman's ills.

Mrs. Bertha Muff, of 515 N.C. St., Louisiana, Mo., writes:

"Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my troubles public.

"For twelve years I had been suffering with the worst forms of female ills. During that time I had eleven different physicians without help. No tongue can tell what I suffered, and at times I could hardly walk. About two years ago I wrote Mrs. Pinkham for advice. I followed it, and can truly say that Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice restored health and strength. It is worth mountains of gold to suffering women."

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Muff, it will do for other suffering women.
